ADA, OKLAHOMA, MONDAY, OCTOBER 4, 1920.

FIVE CENTS THE COPY

PROPOSED HOSPITAL IS APPROVED BY DRUGGISTS AND PHYSICIANS

Many Sign Petition To County Commissioners Asking
That Bond Issue of \$150,000 Be Voted Upon
at Coming Election.

VOTERS, DROP IN AND SIGN THE PETITION

Voters who are in favor of the proposition to provide a hospital for Pontotoc county are urged to drop in at one of the drug stores or confectionaries and sign the petition if they have not already done so. The petitions must be filled by tomorrow night, and all are asked to put forth every effort to help make this great enterprise possible. Just drop in and sign up. Get someone else to do so too.

"The county hospital is an imminent necessity," said Tom Hope of the Hope-Conn drug company, this morning when questioned regarding the proposed bond issue for building such a hospital in Pontotoc county. "It is possible, however, that there will be some opposition to the proposition in view of the declining condition of business, but I trust that the people will see fit to vote for the hospital."

That the hospital is a necessity is echoed by other doctors and druggists in the city and county. It is a move forward for Pontotoc county and they readily recognize the benefits to be derived from such an institution.

Favorable opinion is being heard on all sides in support of the plan to provide this county with an adequate hospital. Signatures are being secured throughout the county to the petition which is to be presented to the county commissioners at their next meeting requesting that they include a proposition for a bond issue of \$150,000 to be voted upon at the coming general election. The petition must be signed by 1,200 Pontotoc county electors in order for the bond issue to be submitted to the voters.

A Humanitarian Enterprise.
The county hospital, if the issue carries, will give relief to many poor people who are ordinarily unable to afford the services of a physician. The hospital promises to be an economic asset to the county by helping to keep health one hundred per cent good. It is a great humanitarian enterprise designed to give relief to the suffering.

Physicians Support Plan.
"I believe the hospital will be a good thing for the county if it is properly organized and managed," was the opinion expressed by Dr. W. D. Faust, local physician. The doctor called attention to the fact that the tendency today is to use a doctor's services more for preventing disease than to cure disease.

"Most people are coming to realize the truth of the old maxim about an ounce of prevention being worth a pound of cure," he said. "We aim to encourage people, consulting with the physician, but for preventative advice rather than for relief. The hospital is intended primarily to give relief."

Dr. M. L. Lewis, a partner of Doctor Faust, also believes that the hospital will prove of great benefit to the county.

"As a citizen of Pontotoc county I am heartily in favor of putting it over," he said this morning to a representative of the News.

"I am heartily in favor of the proposition," said Dr. S. P. Ross. "The hospital is badly needed in this county, and it would be one of the greatest and most progressive moves we could make."

Two are Opposed.
"I can't see where the county

such a hospital," said Dr. B. F. Sullivan, "I am against the proposition."

Dr. H. D. Meredith is also opposed to the plan.

"I do not believe it would be patronized by a majority of the people of the county," he says, in explaining his opposition.

Efforts were made this morning to get in touch with other medical men in the city, but they were out at the time the News reporter called. But few are opposed to the plan.

SAYS PRICES ARE GETTING NORMAL AGAIN

By the Associated Press

BOSTON, Oct. 4.—An optimistic view of the general industrial situation in America was expressed by Thomas E. Wilson, president of the Institution of American meat packers, in an address before the Investment Bankers association of America here today. He referred to recent declines in prices of many commodities and said the process of readjustment were in "full motion." The pressing necessity of the present, he said, "is to maintain a courageous and optimistic morale. The descent of the highest of abnormal prices to the normal level of peace times should be reached by graduation and not by perpendicular drops."

"The manufacture of luxuries is being curtailed. The spending fever is abating. Commodity prices are falling and further deflation seems to be in progress. Favorable reports come from every section. There is great encouragement to be drawn from the fact that there has been no substantial decrease in bank deposits during the last few months. Individual savings accounts show marked improvement."

ADA TO HAVE GOOD ROAD SHOWS AT LAST

The manager of the McSwain is planning to book some real one night road shows for the winter season at the McSwain opera house. This will be a treat the Ada people have never been permitted to enjoy as this is the first season Ada has had a show house with a capacity to either stage a good show or seat a very large audience.

Mr. McSwain promises the show going public his first real road show on the night of October 19th and the title will be "Cheer Up, Mabel."

He has received the following telegram from the manager of the Fremont Opera House at Fremont, Nebraska.

Fremont, Nebr., Oct. 4
"Mgr. Opera House, Ada
"Understand you booked 'Cheer Up Mabel.' It is one of the best shows ever played here. Their stars, Nyra Brown and John Getz, are incomparable, gave excellent satisfaction to all. This telegram sent unsolicited, as it gives me pleasure to recommend this show."

"Fremont Opera House
"O. B. Harms, Mgr."

Attention Lions

At the luncheon at the Harbison Hotel tomorrow the Lions Club will entertain the Holden party, State Superintendent R. H. Wilson and members of the faculty from the East Central State Normal school. This party comes from Chicago and is sent out under the auspices of the state department of education. Their object is to vitalize the rural school of Oklahoma, and their visit to this section will no doubt accomplish great good along these lines. We are pleased to have them as our guests, and it is the desire of the president and officers of the club that a full attendance of the membership be present.

President

'BOYS IN GRAY' OFF FOR ANNUAL MEET IN HOUSTON

Ada Veterans of South's
'Lost Cause' To Attend
Convention.

W. L. Byrd Camp No. 1545, Confederate Veterans of America, will be represented at the annual convention which opens in Houston tomorrow. Among those from here who will take their places in the ever thinning ranks will be Capt. A. W. Crow, Capt. C. C. Hargis, W. W. Sledge, W. T. Cox and Joseph Anderson. Mr. Sledge is accompanied by Mrs. Sledge and Mr. Cox will be accompanied by Mrs. Cox.

Misses Burnice and Pearl Hargis will be in attendance when the convention opens. Miss Burnice Hargis was elected sponsor for the local camp, and Miss Pearl maid of honor. They are both very charming young ladies and are granddaughters of Captain Hargis.

By the Associated Press

HOUSTON, Texas, Oct. 4.—A gray clad army swept down upon Houston today and with no resistance took the city. The gray was not of that hue worn by the Germans of the recent world conflict, however, but that of the warriors of more than half a century ago, who championed the fallen cause of the Confederacy. Trains bearing the old soldiers and thousands of their wives, sons and daughters, were arriving at frequent intervals bringing the visitors to Houston for the 30th annual reunion of the United Confederate veterans, which will begin tomorrow and continue through Friday.

Simultaneously the annual reunion of the Sons of Confederate Veterans and the annual convention of the Confederate Southern Memorial association will be held.

BELIEVE ROBBERY WAS MOTIVE FOR SHOOTING

By the Associated Press

KANSAS CITY, Mo., Oct. 4.—Robbery was the motive that prompted the fatal shooting of Miss Florence Barton and the wounding of her fiancée, Howard R. Winters, on a lonely road two and one half miles east of Hillcrest country club late Saturday night.

All other theories for the crime were set aside today by detectives and relatives of Miss Barton. A search has begun for three "night riders" in a motor car, who have staged six robberies in that same vicinity in the last three weeks.

WILSON ASKS ENDORSEMENT OF ADMINISTRATION

Chief Executive Appeals
Directly To Voters To
Support League.

By the Associated Press

WASHINGTON, Oct. 4.—President Wilson, urging endorsement at the polls next Monday of the administration's stand on the league of nations, declared in a communication addressed to "My fellow countrymen," and given out for publication today, that there was nothing in the covenant "which in the least interferes with, or impairs the right of congress to declare war or not to declare war, according to its independent judgment, as our constitution provides."

The communication, which was the president's first direct campaign appeal to the public, charged that "you have been grossly misled with regard to the treaty and particularly with regard to the proposed character of the league of nations by those who have assumed the serious responsibility of opposing it."

BIG SHRINE FEST FOR ADA PLANNED

Nobility of Ada To Give
Big Show Here on
Oct. 27.

The program for the big Shrine ceremonial to be held in Sulphur October 28 under the auspices of the Nobility of this city, is now complete, and according to the recorder, Leslie Swan of Oklahoma City, it will be carried out to the letter.

The official divan of India temple, Oklahoma City, will leave there on the morning of October 27 over the Rock Island in a special train, and will make the first stop at Shawnee where they will parade and hold high carnival for 40 minutes. From Shawnee they will proceed to Holdenville, arriving there at 11:45, where they will parade and lunch. The train will leave Holdenville at 1:30, arriving at Ada at 2:40.

The special train will be met here by the many novices who will have executed their last will and testament and made all necessary preparations for the journey across the hot sands. At Ada the hinges will be taken off the gates to the city and a program, prepared by the Nobility of Ada and such as has never been seen in these parts, will be carried out during the afternoon and evening.

The features of the program in this city will be a gigantic parade with patrol, "everything in the afternoon, and a big feed, free picture show and dance at night."

The special train will leave Ada at 1:30 in the morning of the 28th, arriving at Sulphur at 4:00 o'clock. The day will be spent in hilarity such as Shriners alone know how to stage and enjoy, with a big feed at noon and the big ceremonial at night.

This is Ada's ceremonial, but it will be remembered that the Muskogee temple, which has co-ordinate jurisdiction with India over this county, objected to the ceremonial being held here at this time and the adjournment to Sulphur for the actual work of conferring the degrees is a coupe of the wily weavers of the Fez who didn't feel like being outdone.

Many petitions are being secured for the big doin's and it is thought that this will be one of the biggest shows ever staged by India in the history of her organization.

CENSUS FIGURES

WASHINGTON, Oct. 4.—The census bureau today announced the following state populations: Texas, 4,661,027, an increase of 764,485, or 19.6. New York, 10,384,144, an increase of 1,270,530, or 13.9. New Jersey, 3,155,374, an increase of 618,207, or 24.4. Idaho, 431,826, an increase of 106,232, or 32.6. New York City (revised) 5,620,048, an increase of 853,159, or 17.9. The population previously announced was 5,521,151.

COX SAYS ONLY WOMEN KNOW WAR'S REAL COST

Governor Outlines Program
For Social Service and
Justice.

By the Associated Press

DAYTON, Ohio, Oct. 4.—At home from a campaign tour that took him more than 1,000 miles and into every state west of the Mississippi river except three, Governor Cox is supposed to rest for two days before going into Kentucky and Tennessee, but today continued his plea for adoption of the league of nations, the paramount issue in the campaign. In an address to a body of women, the governor went into considerable detail in asserting that throughout the years they have been "the leaders of progress in the world."

Though asserting that the monetary cost of the war, direct and indirect, was three hundred million dollars, it was the women, the governor declared, who knew what the war really cost, "for they paid the price in personal suffering to provide the rulers of the earth with ten million men, which were thrown into the guages of battle to placate the anger of the gods of war."

Gives Social Service Program.
The governor detailed the following social service and justice program which he asserted member nations of the league will endeavor to carry out:

"Try to secure and maintain fair and humane conditions of labor for men, women and children, thus lifting the standards of living everywhere."

"Try to secure just treatment of the native inhabitants of territory under their control."

"Try to secure and maintain freedom of communication and of transit, and equitable treatment of the commerce of members of the league."

"Labor together in the effort to control and ultimately eradicate disease."

"Set up commissions for the prevention of the illicit traffic in arms, in dangerous drugs and in women for immoral purposes."

Notice, Masons.
Ada Lodge No. 115 A. F. & A. M., will meet tonight at 7:30 for work in the Fellowcraft degree. Visiting Masons welcome.—R. H. Gladwill, W. M.

Last Minute Telegraph

By the Associated Press

CHICAGO, Oct. 4.—Drastic cutting of prices took place in the wheat market today. In some cases as much as 11 1/2 cents a bushel was slashed from values, the December deliveries at one time only bringing \$1.96. Increased liquidation by holders was in progress, especially for rural delivery.

12,123,000 Bales This Year.

WASHINGTON, Oct. 4.—Cotton production this year was forecast today at 12,123,000 bales by the department of agriculture, which based its estimate on the condition of the crop on September 25, which was announced as 59.1 per cent of normal.

Flour Prices Drop.

MINNEAPOLIS, Minn., Oct. 4.—Flour prices continued their downward trend, when mills effected a reduction of ten to sixty cents a barrel for family patents here today. One large mill's quotations was reduced today from \$12.15 to \$11.55 a barrel.

Investigate Gold Shipment.

WASHINGTON, Oct. 4.—Inquiry into the source of the recent shipment of Russian gold to the United States has been ordered by the department of justice. Belief exists at the department that the gold may be a part of the Russian bolshevik propaganda fund.

Prices Drop in Kansas City.

KANSAS CITY, Mo., Oct. 4.—The tumble in grain prices that has been in progress for several days past, continued this morning with a drop of about 12 cents in wheat prices that carried all future deliveries below \$2 a bushel and 25 cents under the guaranteed prices that were maintained by the government during the war and a year after. Wheat for December delivery dropped to \$1.91 in Kansas City and March contracts fell to \$1.87 3/4.

IMPORTANT MEETING

Mrs. Trexler, of Sapulpa, chairman of the fourth district of the Woman's Educational Bureau and the Hon. Lee Cruce, one time governor of Oklahoma, will speak on the streets of Ada, Tuesday afternoon at two o'clock. These people will have a message of importance and you cannot afford to miss this meeting.

Mrs. Cora Smith, perhaps one of the most thoroughly informed women on the democratic speaking platform, will also address the voters at this time. It is sincerely to be hoped that a large crowd may gather at this time and that any and all of you who may have been worrying about any question or questions may feel at liberty to ask for any information you may wish while these people are here. While in the city the ladies will be guests of Mrs. Marvin Brown, chairman of the educational bureau for the seventh district.

BOLEN TALKS TO CROWD AT FAIR

One of the striking features of the Cox reception at Oklahoma City last Friday was an address delivered at the livestock pavilion just prior to the arrival of the democratic candidate for president by Judge Bolen. The judge was called to the platform without notice or preparation and made a characteristic democratic speech. The talk "looked" with the audience and the judge made a host of friends.

The Oklahoman and Times failed to state that he was one of the speakers, although the address aroused a wave of applause.

By the Associated Press

WASHINGTON, Oct. 4.—The United States supreme court reconvened today for its regular term, to find a docket crowded with important cases.

Besides half a dozen anti-trust suits, matters pending included further attacks on the prohibition amendment; suits to test the constitutionality of the anti-profit section of the food control act, and of the federal farm loan act, appeal in the Newberry election case and many others.

With the federal suffrage amendment ratified and proclaimed since the court adjourned early in the summer, court officials expect that cases designed to test the constitutionality of that amendment also will reach the court during the present session.

SUSPECT FOUND IN NEW YORK DYNAMITE CASE

Russian Had Large Supply
of Explosives In His
Possession.

By the Associated Press

PITTSBURGH, Oct. 4.—Information obtained from Florean Zelenaka of Brooklyn, arrested here last night with a quantity of dynamite in his possession, may lead to a solution of the Wall street explosion, according to local police and government agents.

He could furnish no good reason, police said, for having the explosive in his possession and is alleged to have remarked to a companion: "See what we did in Wall street? Next time it will be bigger and more terrible. The last was only a start."

By the Associated Press

NEW YORK, Oct. 4.—Florean Zelenaka left Brooklyn on September 16, it was announced by the department of justice agents today.

He was there on the day of the explosion in Wall street. According to federal agents, Zelenaka left his rooming house between ten and eleven o'clock in the morning, carrying a large brown bag. The explosion occurred at noon. Zelenaka, according to the federal investigators, was formerly employed by a powder company. Examination of his room in Brooklyn today disclosed radical literature crammed in a trunk, it was said. Another document found, the agents said, was a Russian passport made out in Zelenaka's name.

IMPORTANT CASES FOR SUPREME COURT

By the Associated Press

HIGH TAX DUE TO G.O.P. CONGRESS

\$36,000,000 a Day Appropriated During 'Do Nothing' Session of Congress.

NEW YORK.—To meet the authorized expenditures of the Sixty-sixth congress for the fiscal year 1920-1921, it is estimated it will be necessary to levy an average tax of \$50 upon every man, woman and child in the nation. The Sixty-sixth congress, whose inactivities gained for it the name of the "Do-Nothing congress," demonstrated the high cost of loafing by appropriating money at the rate of \$36,000,000 a day. It was in session 150 days and during that time authorized expenditures of \$5,403,390,327.30. This total is almost five times as much as has ever been spent by the government in a single year in a time of peace. The largest amount heretofore appropriated was \$1,114,397,012.02 in 1916.

The orgy of spending indulged in by the "Do-Nothing congress" was in the face of its campaign pledges of economy and in spite of the urgings of President Wilson to the republican majority to do something to lighten the financial burdens of the people. The president had recommended to the congress legislation to simplify income and profits taxes as to rates and methods of collection, explaining that one of the evils flowing from high rates of taxation in peace time was the encouragement of "extravagant expenditures."

Facts and figures regarding the prodigal appropriations for expenditures which were made by the Sixty-sixth congress were furnished by Representative James P. Byrnes in a speech delivered before the house on June 5, 1920. Mr. Byrnes as a member of the committee on appropriations has an intimate knowledge of the subject and gave an exhaustive analysis of appropriations to show the reckless disposition made of public funds by the "Do-Nothing congress."

His speech was in answer to the statement made by the republican leader of the house, Mr. Mondell, that the appropriations for the fiscal year beginning July 1 amounted to \$4,859,890,327.30. Mr. Byrnes said that to this amount should be added at least \$534,500,000 of re-appropriations and authorizations made available by the house, which would swell the total to the record sum of \$5,403,390,327.30.

How Congress "Saved."

As a measure of political expediency and to mask this astounding total the republican congress, Mr. Byrnes declared, had resorted to the method of appropriating money in indirect ways, so that the statement of direct appropriations was misleading because it did not state the whole truth. The system was to reappropriate a sum which had been made available for the preceding fiscal year but unexpended, which under ordinary procedure would be turned back into the treasury. In this way an apparent saving in appropriations would be effected, because the amount of the unexpended balance would be added to the direct appropriations and the estimates of the departments reduced by this amount.

Of the total of \$543,500,000 which has been made available for expenditure, over and above the total of direct appropriations, Mr. Byrnes declared, there were re-appropriations of \$156,600,000, the latter sum being unexpended money of the fiscal year 1919-1920.

Mr. Byrnes cited another plan used to cloak the real bulk of the authorized expenditures. The Shipping board had asked for an appropriation of \$225,000,000 for the fiscal year 1921. Congress instead of making the appropriation directed that \$225,000,000 of the proceeds of the sale of ships should not be covered into the treasury, which is the usual procedure, but should be made available for the next year. In this way the total of direct appropriations was reduced

THESE NEWCOMERS FILLED BIG GAP IN INDIAN TEAM WHEN RACE SEEMED LOST

Walter Mails in action, at left, and Joe Sewall. All through the early and middle months of the American league campaign Tris Speaker's Indians were handicapped by the lack of a capable southpaw. This hit the team two ways. Tris had no good portside to mix up with Bagby, Coveleskie and Caldwell, his right-handers, and he thereby lacked a fourth pitcher to complete his regular squad. The acquisition of Walter Mails a few weeks ago gave him the needed party. When Ray Chapman was killed Spoke took a chance on Joe Sewall, New Orleans star, at short. Joe is filling the gap and hitting like a bear.

by this amount, but the money, of course, will be spent.

Still another device of congress to disguise the true proportions of the bills contracted by the nation was described by Mr. Byrnes. The Railroad administration asked for \$420,000,000 to wind up its affairs. Congress made a direct appropriation of \$200,000,000 and effected a paper "saving" by directing that the Railroad administration be allowed to use \$30,000,000 out of the loan fund appropriated in the transportation act. The balance of \$90,000,000 was provided by directing the War Finance corporation to purchase at par \$90,000,000 of Liberty bonds held by the Railroad administration. Of course, the \$120,000,000 thus "saved" will be spent, even though it was not appropriated directly and will not figure in any republican statement of the total of expenditures authorized by congress for the fiscal year 1921.

Authorizations Without Funds.

In addition to these fictitious "savings" in expenditures, the republican congress authorized many expenditures for which no funds whatever were appropriated. Mr. Byrnes estimated that these authorizations would total \$72,000,000. To meet these authorized expenditures they will have to be paid out of the funds of other departments and

in December, after the election, the money will be appropriated, he declared.

The course of reckoning by which the republican congress estimated that they had effected a "saving" to the nation of \$1,312,417,650.39 was described by the representative. This amount represented the sum by which the department estimates exceeded the actual appropriations, judged by the standard congress in every year except two of the last thirty years has saved the country millions of dollars. For in that period, with the two exceptions noted, the department estimates have always exceeded the appropriations. The last democratic congress reduced the estimates of the departments for the fiscal year 1918 in the sum of \$5,554,161,598.31.

Investigation to Be Wide.

By the Associated Press CHICAGO, Oct. 1.—State Attorney Hoyne said today that he believed the present investigation here of alleged baseball "fixing" would be widespread, and that he expected more indictments to be voted. Sufficient evidence to warrant prosecution of several players has already been disclosed, he said.

The "sugar ash," which grows in Sicily, contains a sap which hardens into crude sugar.

EIGHT IN THE TOILS FOR SHOOTING DICE

"Treat dis nigger right snake eyes! Let it be a seven!"

Perspiring and pleading to the Goddess of Chance, eight dusky from Darktown were engaged in their favorite, pastime last night. All eyes were riveted upon the "snake eyes" on the dice, and fortune swayed to and fro as the bones rolled.

Then the law!

"You're all faded!" a voice announced, and all looked up to find themselves in the toils.

The eight negroes—Guy Simpkins, Henry Blue, Shannon Denny, Tom Scott, Albert Garrett, J. C. Williams, Tom Roberts, and Jesse Rivers—were taken to the city hoosegow. They appeared before the mayor this morning and pleaded not guilty to the charge of violating the anti-gambling ordinance.

"In that case, I am going to turn you over to the county for trial," the mayor stated. They were arraigned before Justice Anderson, pleaded not guilty and trial was set for Friday.

Passes Industrial Law.

By the Associated Press AUSTIN, Texas, Oct. 1.—The houses passed finally today the bill proposing more stringent laws relating to industrial trouble at ports by a vote of 86 to 20, less than the number required to give the measure the emergency clause.

LAKE SUPERIOR CITIES GROWING INTO EACH OTHER

By the Associated Press PORT ARTHUR, Ont., Oct. 1.—Port Arthur and Fort William, ancient trade rivals, will soon become through a co-operative plan, the municipal, Siamese twins of Lake Superior.

The two thriving little cities have grown so rapidly in recent years that only a strip of 500 acres now separates them. Once this gap were physically one, Both cities fought

bridged the cities would become bitterly against such an eventuality and carefully directed their development from this point of possible merger.

But the hatchet has been buried. The two cities, under a plan that has been adopted, are to purchase this neutral strip. They will share in the expense of developing it into an industrial center and divide future revenues on a fifty-fifty basis. This border zone will be governed by neither city but will be under

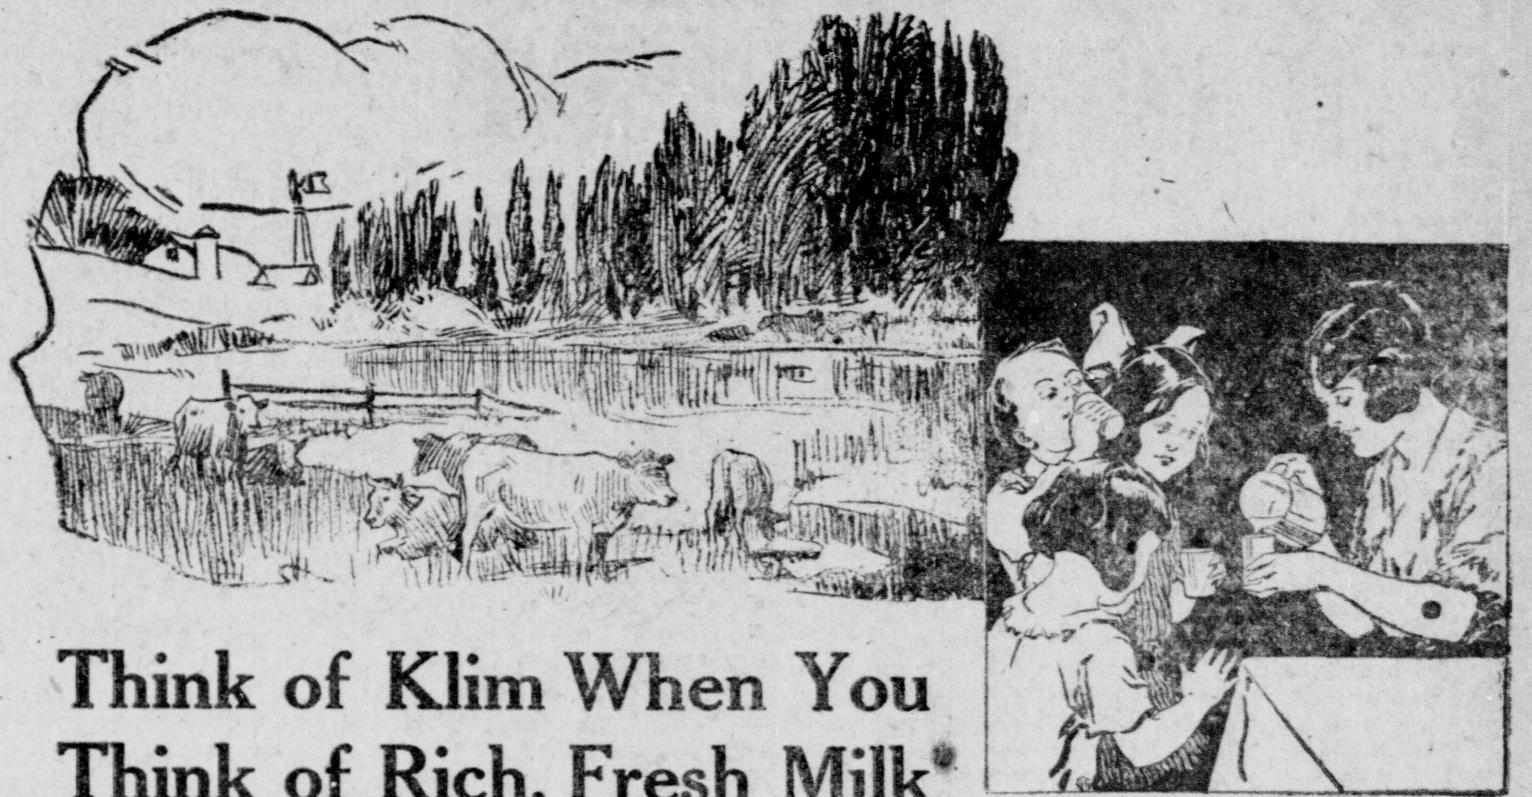

a special commission appointed by both.

Monkey Glands

Can not be obtained from your druggist.

Father's Friend Can

Recently there appeared in some of the leading daily papers of the country articles stating, in substance, that diseased glands could be successfully removed from the human body and replaced with corresponding healthy glands from the monkey, thereby, to a certain extent, restoring youth. But, it was said, "you must bring your own monkey." Monkeys are not easily obtainable. Operations of this kind are fraught with more or less danger and uncertainty of success.

Father's Friend

is a safe Gland and Nerve Treatment for Nervous Disorders of men. Ask your druggist for this valuable treatment. Read the booklet inside the package and learn how to have better health and live longer.

VIRGINIA FOX LEAVES THE MACK SENNETT COMPANY

Signs Contract As Leading Lady With Buster Keaton.

St. Petersburg, Fla., is soon to boast of its own honest-to-goodness star of its own, according to news just received from the Metro Film Corporation in Hollywood, Calif.

Virginia Fox, who during the past two years has risen to the enviable position of leading "water witch" of the Mack Sennett gathering of seaside sirens, has stepped out of the spray and last week affixed her name to a contract with the Buster Keaton Comedy Productions company.

According to the terms of the contract, Miss Fox will appear opposite Mr. Keaton in all the comedian's forthcoming Metro productions. She was chosen for this position because of her typical ideals of beauty, personality, grace and character—typifying hearty, wholesome, healthy and vivacious American girlhood. All this is straight from her press agent.

Miss Fox attended the Southland Seminary, her home town, for two years, going from there to an open-air school for a like time.

After leaving St. Petersburg in 1916, Miss Fox went to Los Angeles, where she was quickly secured by Mack Sennett to appear in his comedies. When the comedy king sent his famous bathing beauties on tour in 1919, Miss Fox was numbered among them, and appeared in New York at the Broadway theater with that organization. After a tour of the principal cities of the country she returned to the west coast studio and since that time has been playing important roles in comedies. Her work in "Married Life" was worthy of particular note, and it was this performance that earned her the right

Virginia Fox.

to become a leading personality in the film world.

Lillian Walker Sues

Lillian Walker has started an action for divorce against her husband, Charles E. Hansen. The couple have been living apart for some time.

Ford Damaged When Engine Catches Fire

A leak in the feed pipe leading from the gas tank to the engine caused a Ford car to catch fire Saturday evening in front of the Palm Garden. Hardy Clark, owner of the machine, was driving it at the time. He brought the car to a stop as the flames spread following an explosion. His hands were severely burned in trying to shut off the gas so as to prevent the flames from reaching the gas tank.

The fire was extinguished, but not until much damage had been done to the engine.

Isinglass is known as kanten in Japan, where it is made from seaweed.

ISSUES WARNING TO GUARD ON INFLUENZA

OKLAHOMA CITY.—A warning against influenza, its precautions and sanitation, are contained in a statement by Dr. A. R. Lewis, state health commissioner.

"The time for influenza is almost here," he said. "I expect to have cases reported to me within the next 15 days. It will be milder and less widespread than in the past, I believe, but it is well to take precautions early and prevent the disease by sanitation. In the cleanest cities of the United States the influenza rate is lowest."

The health department has an abundant supply of vaccine for influenza treatment, Dr. Lewis said, which will be provided free to all who desire treatment.

Women held sacred religious offices in the days of Pharaohs.

WHAT SHALL I DO?

Answered by Virginia Page

The Way to His Heart

"Dear Miss Page: The nicest man, a stranger in town, is coming to call on me. I've never had strangers call before—only the boys I've all ways known. Should I have something to eat when the new man comes?—Alice"

No, Alice I wouldn't. You might just happen to have some candy on the table if you like. But I'd wait until later for any supper parties, if I were you. His first call—since he's such a nice man and a stranger—will probably be a short, rather formal one. And you don't want him to think you are too excited about it, do you?

When he calls again and you know him a bit better, you will know how soon to suggest: "Won't you come into the dining room and we'll see what the chafing dish has for us"—or "Come on out in the kitchen and make candy, don't you want to?"—or "Mother made some of my favorite cookies today

—if you'll excuse me I'll get you some." It all depends on the type of man he is, and how easily your acquaintance progresses, you see.

Only Alice—don't feed his so often and so well that there will be any danger of his forming the habit of coming to see you for the sake of the "eats." It has been done! Make the refreshments always just an incident in an otherwise happy evening.

They're Human, After All

"Dear Miss Page: Is it correct to say please and thank you to the waiter in a restaurant?—Mrs. A."

Why not? Waiters are human folks and appreciate courtesy and appreciation just like the rest of us. Only, of course, I isn't necessary—nor good form—to say the "please" as though you were begging a favor, nor the "thank you" as you would say it to your dearest friend. A matter-of-fact "please" occasionally, and a pleasant but not cordial "thank you" for any service, is sufficient.

REPORT DIPHTHERIA SPREADING IN STATE

OKLAHOMA CITY.—A spread of diphtheria in Oklahoma is reported from the office of Dr. A. R. Lewis,

state health commissioner. Thirty children have been suspended from school in Commerce, Ottawa county, because of suspected diphtheria infection, he said, while in Frederick and Walters there are also many cases of the disease.

Keep your stomach, liver and bowels in good condition if you would have health. Prickly Ash Bitters cleanses and strengthens these organs and helps the system to resist disease germs. It is the remedy for working men. Price \$1.50 per bottle. Sold by Gwin & Mays Drug Co. (Adv)

ANNA CASE

appearing in
song recital at

McSwain Theatre

WEDNESDAY, OCTOBER 13th

Anna Case must always hold a unique place in the hearts of American music lovers since she is one of the very finest singers, American born and American trained, to achieve a wide popularity and recognition from her fellow countrymen. Her success, while primarily a tribute to a rare and distinctive artistry, is at the same time a pleasant omen for the future of singers developed in this country.

Miss Case's rise in a few years from obscurity to the present position of pre-eminence in the concert world will always be one of the fine and beautiful things in our musical history. Pluck, intellect, ambition and perseverance were alike essential factors in the development of her career.

In addition to an exquisite voice and finished art, Miss Case's remarkable success may be attributed to versatile gift of being able to sing at one moment a brilliant and florid aria and the next a sustained selection delivered with a wealth of emotion and pathos. And this is not to include her bewitching humor and personality of wondrous charm.

The country wide demand for the services of this artist may be judged from the fact that during the past season she gave recitals at such cities as Tampa, Florida; Los Angeles, California; Seattle, Washington and St. Johns, New Brunswick. Her first Pacific coast tour was a succession of triumphs, leading to a return tour next season.

Miss Case's annual New York recital at Carnegie Hall, always a social event of importance, was characterized by William J. Henderson of New York Sun as "An artistic feature of the current concert season," while the critic of the New York Herald termed her "A rarely beautiful woman with a really beautiful voice."

Telephones: Business Office, 4. Editorial Dept. 307

A NEWSPAPER'S DUTY

A friend and patron of the News recently expressed the opinion that a certain article should not have been published. He contended that it merely tended to "stir up muddy water" by giving the facts to the public.

"It should not have found its way into the paper," he declared, adding that the article was likely to "make matters worse."

The primary object of a newspaper is to give information. The public is dependent upon the press for the greater part of its information, and when a paper fails to tell of some happening or call attention to some condition which exists in a community, it fails in its primary purpose. It should set forth facts, unbiased and untarnished, and should hew to the line regardless of where the chips fall.

Its editorial columns are intended for a careful analysis of the news and a discussion of matters of interest.

When certain subjects are the topics of the day, it is the newspaper's duty to throw light upon these subjects through both its editorial and news columns, that all may know the facts.

It is the newspaper's duty to help mould and to reflect public opinion for the best interests of the community it represents.

The press is an institution for the people. Muzzle it and you deprive the people of what is due them. The freedom of the press, which rests upon the fundamental principle of Americanism, is as essential as freedom of speech.

A newspaper is one of the most powerful agencies working for the upbuilding of a community—greater than any other public institution. It helps to bring in new enterprises, attracts new citizens and home seekers.

The News aims to give only such information as may be depended upon. We will not knowingly misrepresent anything, but will give the news as it is to the best of our ability. A newspaper that uses pussyfoot methods and a soft-pedal policy earns no prestige and will soon have no patronage.

The newspaper is the searchlight of public inquiry. Anything that cannot stand to be aired through the press is not clean and should be suppressed. It should not do anything of which we are ashamed. Thieves, crooks and murderers seek the shelter of night to cover up their corrupt practices. They shrink from the rays of the searchlight when it falls upon them. Many men "higher up" have reached their stations through means not always beyond question. These, too, avoid such publicity as would bring on public discussion.

The readers of the News buy the paper to find out what is going on. We aim to tell them. Though far from us to depict only the sordid and unfortunate side of life, we do not propose to hesitate in doing our duty when we uncover anything that is not "according to Hoyle." As far as possible we shall strive to remove the cover which hides the crawling vermin beneath. We believe that exposure of an evil is the quickest cure.

The management of the News wants to make the paper interesting and worth while. We aim to give such news as will make our readers sit up and take notice, and we're coming out each day "dressed up in our best."

A muzzled newspaper is nothing more than a tool. The News wears no man's halter, grinds no man's axe. There is no ring in our nose by which anyone may lead us as he sees fit. WE KNOW NO BOSS EXCEPT THE PUBLIC. It is for the public we labor, and our greatest reward is in knowing that we are of some public service.

If you don't want a certain thing in the News, do not permit it to happen. If it's news, it goes in if we can get it. "Verite sans peur!" Truth without fear!

CITY MANAGEMENT PLAN VINDICATED

The auditor's report on city expenditures has shown that McAlester is the best managed city in Oklahoma, with one exception. From November 4, 1919 to August 31, 1920, the total expenses amounted to only \$105,893.93 for all departments. This is in itself sufficient proof, if any proof were needed, of the advantages which come from government through a city manager.

Since the inauguration of the new policy, questions of the greatest difficulty have confronted the city administration, yet the greater part of them have been solved, and conditions are steadily improving. There can be no question that government on a business basis, with a practical business man as executive has completely vindicated itself.

Of course there is room for improvement—there always is—and may the city and its management point with pride to past achievements while still going steadily forward until the time when McAlester can say that it is the best managed city in Oklahoma—without exception. — McAlester News-Capital.

State Press Comment

Coalgate Record-Register: The republican party in this state is still the "black republican party" that it was just before statehood, with an addition to Jake Hamon and a lot of "boodle." The intelligent men and women of this state know this and in November, when the white people march to the polls just watch 'em make 'berg Harrell and the rest of them wiggle and wobble.

The Oklahoma News says that Hiram Maxim, inventor of the rifle silencer, has devised a house of silence. "We haven't seen the plans or read a description of them but we'll wager it has no front porch," the News declares.

Headton has an editor who is also justice of the peace for the town. It's a cinch that here is one editor who won't get into contempt of court for what he has to say about the doings of the local magistrate, answers the Pittsburg County Guardian.

Allen Democrat: In the olden days an Allen girl could teach school and earn pin money, but that was before the advance in the price of pins.

Pittsburg County Guardian: If the railroads are going to insist on having forty different kinds of freight raises, then we want them to quit dragging our bundles of paper in looking like something the cat had found.

The more one thinks of the profiteers the more respect he has for the burglar who takes chances on being shot, declares the Pawhuska Daily Capital.

Daily Ardmoreite: An exchange wonders what has become of the man who used to work for \$1 a day and his board. That's easy. He is now working for \$6 a day and paying some beaneary \$5.50 a day for the "board."

Ardmoreite: Yes, they are pretty thin these frosty mornings, but we are told the prices on "heavies" will not depreciate until after Christmas. So, we will have to hang on to the B. V. D.'s until old Santa Claus makes his regular mid-winter annual visit.

Ardmoreite: Traffic ordinances may come and traffic ordinances may be repealed, but the fool at the steering wheel goes on until the fool kisser permits him to smash his brains out. After which his place at the wheel is taken by another applicant for honorary degrees in the great academy of The-Public-Be-Damned.

"The posting of a notice on the fence corner may have its virtues, but few people have the inclination to get out of their automobiles or tie up their teams to read a poorly written ad tacked up on a fence post," remarks the Ringling News. "The same notice perhaps at a cost not to exceed 25 cents, might be placed in the local paper before a thousand farmers who would be permitted to read it while spending the evening around the parlor table."

Muskogee Times-Democrat: The yarn about the hen that hatched an alligator egg and would not mother the young reptile, is refreshing at least. Usually these yarns end with a statement of the unnatural affection displayed by the mother hen. Evidently the chap who wrote that story went fifty-fifty with truth.

Ardmoreite: Joe Bailey contemplates starting a weekly newspaper. And now every Bailey man in Texas will have an opportunity afforded him to step in and tell Joseph just how the thing should be done. Of course none of them would have ever dreamed of telling him how to vote in the national senate, but any fool knows how to run a newspaper.

TROUPE OF SEA LIONS

Greatest Novelty Act in the World Presented by Yankee Robinson This Season.

Without any doubt the most wonderful animal in the world is the sea lion. Next comes the elephant and then the monkey. This season Yankee Robinson has Captain Tiebor's trained sea lions and this act alone will more than repay anyone who attends the exhibition. This sea lion act is considered by every one the greatest ever presented. One sea lion presents a singing and talking act that is one of the big hits of the show. Patrons of the show will remember this act the season of 1918. Last season this act was contracted to the Hippodrome in New York City and the big traveling show was unable to get it. This season, however the act will be seen at each exhibition. The act is presented on a high elevated stage and is in good view of all. The Yankee Robinson circus will exhibit one hundred wild animals in parade when it exhibits here on October 9.

Off to McAlester.

Among the fourteen hundred men from over the state who have gone to McAlester to attend the fall term of the Consistory today, tomorrow, Wednesday and Thursday, are Messrs. Bailey Bobbitt, Allen Stanfield, Charley Bobbitt, Carl Stanfield and Claude Bobbitt of this city. These young men are cousins and well known business men of Ada.

We sell the Dunsen Burner Gas Stoves—Complete line at Shelton Furniture Co. 10-2-2nd

Work Started On Water Pumps at City Reservoir

D. J. Foreman of Kansas City, arrived in Ada last Saturday to take charge of the setting of the pumps at the city reservoir south of town. He is the superintendent of the Merkle Machine company, who are doing the work, and will push the work to get it completed as soon as possible. All material is on the grounds and the work was started this morning. These pumps will be used to pump the water from the reservoir to the city.

News From the Hospital

"Shorty" Potes was able to leave the hospital Saturday evening.

Roger Harris, who has been taking treatment for several days was able to leave today for Sherman, Texas.

Mrs. Stroud of Stonewall was operated on yesterday. She is getting along fine today and present conditions promise a speedy recovery.

The little baby that was abandoned last week and who has been in the care of the hospital since, is getting along fine. It seems to be very happy with its present surroundings.

All of the many patients are improving and in fine spirits. None of them are in a critical condition.

MacSwiney Still Lives After 53 Days of Fasting

By the Associated Press
LONDON, Oct. 4.—Terence MacSwiney, lord mayor of Cork, passed a fair night at Brixton prison, having had several hours of sleep, said a bulletin issued this morning by the Irish Self Determination league. Doctors do not find much change in the condition of the lord mayor except that he is very weary, the bulletin adds. This is the 53rd day of MacSwiney's hunger strike.

SCHOOLS ARE TOLD HOW TO SECURE AID

OKLAHOMA CITY—Rural school districts desiring to participate in the rural school aid fund, created by the 1919 legislature, should do so by filing application with the office of the state superintendent not later than November 15. It is announced by R. H. Wilson, state superintendent. This fund, however, is not available for districts unless they have already levied a full 1 mill tax for school purposes. The extra money is to help pay teachers' salaries and for this purpose only. No district may receive more than \$500. The legislature appropriated \$100,000 for the fund.

George Young left today for an extended business trip to Madill and other points. He will return Saturday.

The English prayer book has remained virtually unchanged since 1662.

NERVIEST BOOTLEGGER IS STILL AT LARGE

SAN ANTONIO, Texas, Sept. 30.—Local prohibition officers claim too be looking for the nerviest bootlegger.

Monday he appeared in the prohibition offices with the news that he had some real Sunny Brook with a kick to every swallow.

Then he noticed several revolvers and sawed-off shotguns lying in the corner.

"I guess I'm in de wrong pew," he observed, and before agents could get him he was gone.

Other officers say he has been operating in different buildings. They report he collects money for future deliveries without making the deliveries.

Mrs. S. C. Davis of Blanchard arrived in Ada today to visit Mrs. B. H. Crandall and family. Little Billie Joe Crandall came with her.

A. H. Crandall returned home last night from a short trip to Blanchard.

Autographed Photos Attract Attention At State Fair

The display of the autographed photographs of the East Central State Normal at the state fair was one of the striking features and attracted much attention. The exhibit was under the charge of Professor MacMillan. To the News this morning he stated that much admiration and praise was shown by the fair visitors at the exhibit. It was unique in that there is probably not another as complete collection in the United States and it could not be duplicated.

In the near future it will be on display at the normal so that citizens and students can examine them. The collection at this time consists of 191 pictures.

Normal Notes

Miss Ina Robinson spent the week end with home folks north of Ada.

Charlie Hargraves, former student of the Normal, was visiting here Saturday.

Several new students are enrolling this morning. The enrollment will soon reach the 400 mark.

The normal football team is practicing this week for the game with the Stillwater A. & M. Freshman team at that place next Friday.

The play equipment on the training school campus is getting to be very popular with the children.

The Holden party were entertained yesterday afternoon by a party at the lake. A good time is reported by all.

The Vitalized Agriculture class is continuing its work today. The course will be completed Tuesday afternoon. Mr. Moberley of the Holden party gave an address to a large crowd of people in the gym building yesterday afternoon.

Mr. Butcher of Pauls Valley and Mr. Stuart of Okmulgee were here Saturday helping E. C. Wilson with the arrangements of the plans for the teachers meeting to be held here at Thanksgiving time.

DEATHS

Willie Bowerman, two and a half year old son of D. R. Bowerman of Bebee, died this morning at one o'clock at the home in that place. The funeral will be held at the Bebee cemetery where the interment will take place.

Roy Golightly died at his home six miles south of Ada yesterday. He was just two years old and will be buried in the Rosedale cemetery at this place this afternoon.

At the Ada Playhouses

Now Liberty Theater.
Remember the fight in "The Barrier?" Well, Mitchell Lewis does it again in "Fool's Gold." It's a fight you'll never forget. See it at the New Liberty today.

At the McSwain.
One of the highest class attractions both in pictures and vaudeville, opens at the McSwain Theater today to delight its many patrons. A musical comedy of eight performers, real people on and off the stage, called the "Little Miss Manhattan Company," offering clean, clever script bills full of comedy, featuring Miss Fern Ashwell, the best buck dancer in the south. Also Miss Aline Hart, character comedian; E. Ralston, manager, producer and comedian; Grace Wilson, who has played Ada many times and everybody likes her. Also a big singing, dancing beauty chorus.

The picture program could not be better. It's a superfeature—a Paramount, "The Copperhead," starring Lionel Barrymore. The pictures are featured with music every day. We play the pictures. Today's program, either the picture or the vaudeville alone, is worth the price of admission, cause it's a "hot" nuff sho'.

The American Tomorrow.
Teh most dangerous "vamp" in the world has been found.

Her name is Lila Leslie and she appears Tuesday at the American Theater in J. Warren Kerrigan's latest Brunton feature, "No. 99."

Miss Leslie, who is a charming blonde type and a former favorite in many of Belasco's biggest productions, has probably broken up homes via the celluloid and legitimate drama route than any other American actress. During her four years' work on the stage and screen she has been held directly responsible for seventeen divorces, numerous separations, three duels and one suicide.

If actual figures are to be credited she has brought about the ruin of more defenseless young men during her brief career than the artful conniving of Cleopatra, Nell Gwyn or Louise de Valerieu could accomplish in a life-time.

Strangely enough, Miss Leslie is not fond of home-wrecking roles. In her work as the final word in vampology she has always entertained a lurking desire to play sympathetic ingenues.

"My one ambition," she told a reporter recently, "is to play in a really interesting drama."

"What is your idea of a really interesting drama?" the man asked.

"One," said Miss Leslie, "without a man in it!"

Pasteboard Box Filled With Spiders Found in Mails

A pasteboard box filled with live spiders was discovered in the mails this morning at the postoffice here. The package is addressed to Mrs. Sylvia More, this city. It was accidentally broken open in the handling, and the startling discovery was made by Postmaster J. W. Westbrook.

The package gave no return address, and it was not possible to decipher the name of the place from which it was sent.

If Mrs. Moore knows anything about the spiders, or if she was expecting them, the postoffice force will be glad to turn them over to her if she will call.

Rexall Drug Store Installing Floor Of Concrete

The Gwin & Mays Rexall Drug store is having a new floor of concrete and tile installed this week. The work started this morning as the present floor was in such a condition as to permit no further use. This is a great improvement to the building and will add greatly to the appearance of the store as well as to make a better foundation for the fixtures.

Church News

First Christian Church
A splendid audience assembled yesterday morning. The petitions for the hospital were circulated and a goodly number of names were signed to them. Of course, many had signed them before.

The rendering of "The Holy City" by Mrs. Clarence C. Threlkeld, was highly appreciated by all. The minister preached in the morning on "Great Doctrines of Christianity. Service, Essential to Kingdom Greatness." In the evening to an attentive audience on "Messages of the Books—The Message of Numbers."

The elders and deacons in session in the afternoon decided to recommend to the church next Sunday morning that it send the minister as a delegate to the international convention which meets in St. Louis, October 18 to 24. It is hoped that a number of the members of the church will attend this important meeting. Those interested may make further inquiry of C. V. Dunn.

Teacher Training Class
The Teacher Training class will meet this evening at the Christian church at 7:30. "The Flood" will be the subject and visitors are always welcome.
C. V. DUNN, Minister.

PUTS LEAGUE
ISSUE ABOVE
ALL OTHERS

NEW YORK.—"It is the most important issue in the history of the world, more important than any issue that has ever occurred in the history of mankind; compared with it all economic and industrial questions are small and all subjects of dispute between churches and creeds are insignificant." Thus does Dr. Frank Crane, writer of international repute, sum up the league of nations.

Within the past ten years Doctor Crane has written no less than four hundred essays dealing with humanity and the things that directly affect the best interests of the people. He is a recognized authority on matters pertaining to public welfare and one of the most widely read editorial writers in the country.

In a recent issue of Current Opinion Doctor Crane answers many of the questions that have been raised by the opponents of the covenant in terms that are incontrovertible.

"Much has been made of the bugaboo that if we join the league American boys may have to be sent to Armenia, China or Africa to fight battles in which we have no concern," Doctor Crane says. "They may, it is true. But without the league four million American boys had to take up arms to fight in Europe. And without the league a similar crisis is likely to arise any day.

"Would it not be better," he continues, "to have a few Americans in an army to help police the world than to have the great body of American manhood called on any minute to help put out a universal conflagration?"

Against National Selfishness.
"We talk of the Monroe Doctrine. We fear for our independence. We dread a Superstate that shall boss us. We denounce the leaguers as plotting to sacrifice our nationality. Can't we stop to think about other nations? Don't we realize that every one of them is more jealous of its own national sovereignty than we are of ours? They have been trained for centuries in national pride. And if they are willing to give up a part of their independence, for the sake of limitless advantages of co-operation, can not

we?
"Not even family life is possible without mutual concession, compromise and self-sacrifice; how much less is world-life, the life of the Human Family!"

The league of nations means Progress, Courage, Humanity, Opposition to it means Reaction, Cowardice and Provincialism. Men who move heaven and earth to keep America out of the league are far worse enemies to the race than the Kaiser ever was.

"The league of nations is not a far-off question, one of politics and diplomacy that does not concern you and me. It is of the most vital, individual importance to every man, woman and child in the United States.

"It is the workingmen, the poorer people, who suffer most from militarism and would be most benefited by a league of nations, which would relieve the world of its intolerable burden of destruction. It is they who fight in the armies, suffer death and wounds, it is they who eventually must pay the taxes of war by their labor. Nobody profits by war except profiteers.

Boys Wanted.
The News wants two or three wide awake boys, who are not afraid to make a noise, 16-years-old or over, to sell The Ada Evening News on the street after 4 every afternoon. Come to the office and call for Mr. Brown or Smith.

Latest Figures
Show Ponzi Got
Over 14 Millions

BOSTON.—Staid New England is recovering from the shock of an official announcement that Charles Ponzi, the "financial wizard," had taken \$14,872,327 out "of their hands" during his wild "money-making machinations.

The figures were stunning, as the highest previous estimate was \$7,000,000.

The total of the Ponzi business was announced by Charles F. Rittenhouse, expert accountant, who went over Ponzi's affairs. Of this sum Ponzi paid his agents \$1,000,000. Rittenhouse declared.

It was also definitely learned that Ponzi never engaged in any regular business during his "promotion," nor did he have any investment bringing him in revenue for his clients. One witness at Ponzi's trial said his mother was his European agent, although the "wizard's" mother was with him at the time in Boston.

Another proof that "all the world's a stage" appears in the fact that our bank roll has about the same buying power as stage money. Columbia (S. C.) Record.

The Korean alphabet has fourteen consonants and eleven vowels.

\$2,000 BONDS TAKEN
FROM AMBER BANK

CHICKASHA.—Liberty bonds valued at 2,200 currency in the amount of \$300 and notes valued at \$70,000 was the loot of thieves who burglarized the Amber State bank at Amber, 10 miles northeast of Chickasha early Wednesday morning. The notes have been found in a cotton field near town, officers state.

Bank officials knew nothing of the robbery until they opened for business in the morning. Sheriff Sankey was notified but no arrests have been made.

This is the second bank robbery that has been staged in Grady county during the past ten days. Several days ago, outlaws entered the National bank of Verdun and escaped unnoticed with Liberty bonds valued at \$2,000. No arrests in connection with the Verdun bank robbery have been made.

Does your stomach feel bloated after eating? Do you have sour risings, heartburn, spells of dizziness, and constipated bowels? If so, Prickly Ash Bitters is the medicine for you. Men who use it find it exactly suited for such disorders. Price \$1.50 per bottle. Sold by Gwin & Mays Drug Co. (Adv)

WANTED.—Something that will sharpen American wits so they will cut the cost of living.—Minneapolis Tribune.

Very Kind of Her.
The clergyman of a poor parish was showing a rich lady round, hoping to touch her heart, and so receive a big cheque for his people. "We are now passing through the poorest slums," he said as the car turned into a side street. "These people have little to brighten their lives."
"I must do something for them," sighed the lady, adding to the chauffeur, "James, drive the car slowly and turn on the big lamps."

Grandma knows how
to combat dangerous
COLDS

Her old fashioned but effective way conquers Croup, Colds, Grippe and Pneumonia by using this simple, sane and efficient treatment. First she rubs the afflicted part with the hand until a warm glow comes to the skin. Then she applies hot applications to open the pores and increase the circulation. An application of RUB-A-COLD, the stitch in time remedy, is followed with woolen flannel cloths, and presto—The cold is soon gone. RUB-A-COLD is made from wool fat, the most penetrating of all animal oils. Combined with this ointment are harmless but stimulating properties that sink right into the open pores and drive out the pain and congestion. This method strikes at once at the seat of the trouble. It calls to the front fresh, warm blood to oust germs and to build up where they have torn down. RUB-A-COLD opens up the breathing passages leaving a soothing sensation that is of great assistance to the sufferer.

RUB-A-COLD

The Stitch in Time Remedy
This Mother thinks it a wonderful
remedy for Colds and Croup.
Always keeps it in the house.

ALEXANDER DRUG CO.
Gentlemen:
I have used RUB-A-COLD and think it is one of the best remedies I know of. My children take colds easily and are subject to the Croup. I find that I can relieve them more quickly by applying RUB-A-COLD than by any other way. I usually apply it at the first approach of the croup and it is certainly wonderful as a preventative. I always keep it on hand.

PAIGE

THE MOST BEAUTIFUL CAR IN AMERICA

Announcing
A Reduction in Prices

List prices of the entire line of Paige Cars were reduced on September 28th. The new schedule follows:

"Glenbrook" (five-passenger 6-42) . . .	\$1770
"Ardmore" (4-passenger sport model 6-42) . . .	1990
Sedan (five-passenger 6-42 chassis) . . .	2645
Coupe (four-passenger 6-42 chassis) . . .	2525
"Lenox" (three-passenger roadster 6-42 chassis) . . .	1770
"Lakewood" (seven-passenger 6-66) . . .	2795
"Larchmont" II, (four-passenger sport model 6-66) . . .	2895
Sedan (seven-passenger 6-66) . . .	3750

These price reductions range from \$155 to \$250 per model and all are based F. O. B. Detroit

At the outset we would like to emphasize the fact that there is no economic justification for the price reductions which we have quoted above. The cost of materials, expert workmanship and a fair, legitimate profit has always determined the price of our cars. The new schedule, therefore, represents not only a complete sacrifice of profit but a very substantial loss by this company.

We cheerfully make this sacrifice in the interests of a very worthy movement to decrease the excessively high costs of living which now prevail. In taking this action we do not pose as philanthropists or sentimentalists. We merely recognize the necessity for action—radical and sweeping—and we are ready to do our part.

Morse, Okla.—"When I was 45 years old Lydia E. Pinkham's Vegetable Compound carried me through the critical period of the Change of Life in safety. I am over 60 and have raised a family of eight children and am in fine health. My daughter and daughters-in-law recommend your Vegetable Compound and I still take it occasionally myself. You are at liberty to use my name if you wish."—Mrs. ALICE RANEY, Morse, Oklahoma.

Change of Life is one of the most critical periods of a woman's existence. This good old-fashioned root and herb remedy may be relied upon to overcome the distressing symptoms which accompany it and women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

NEEDS ONLY COIN FOR TRIP TO MOON

WORCESTER, Mass., Oct. 1.—(Special)—That financial difficulties alone prevent him from sending a rocket to the moon, is the statement of Prof. Robert H. Goddard of Clark University. He declares, however, that he has sufficient funds to make a public demonstration with a small working model of his rocket, which he claims, by the principle of successive charges will travel the entire 238,840 miles.

"To tell you the truth," said Professor Goddard, "I have been terribly cramped for money. The Smithsonian Institution backed me for \$5,000, but that is practically exhausted on models, and I really do not know where to look for the greater sum which will be necessary to make a definite trip to the moon."

"I think there is enough left of the Smithsonian fund to give a practical demonstration on a small scale, as I intend to do here in Worcester before cold weather. The problem of sending a rocket to the moon is one of deep mathematical calculation, and I have been working on this for many years. I feel

Prof. Robert H. Goddard.

satisfied that I have the correct theory."

MILLER BROTHERS SAID TO HAVE CHEATED INDIANS

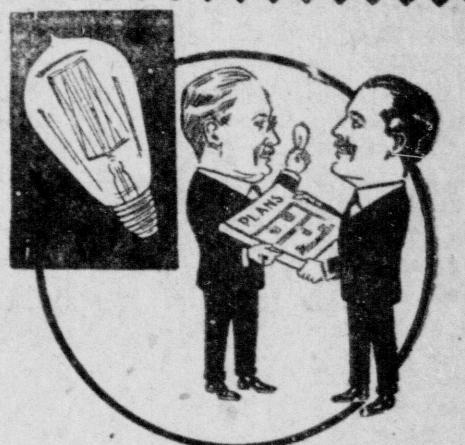

By the Associated Press

OKLAHOMA CITY, Oct. 4.—George L. Miller, Joseph C. Miller and Zack T. Miller, owner of the 101 Ranch, near Ponca City, were arrested here today on indictments returned by the federal grand jury, charging them with violation of the federal penal code for conspiracy to defraud the United States government. The men are charged with obtaining deeds to "thousands of acres of Indian lands adjoining ranch" under false pretense.

Two men, formerly clerks in the employment of the ranch owners, were also indicted by the jury. George and Joseph Miller appeared before the United States commissioner today and made bonds for \$5,000 each. The government charges that the indicted men, through other agents, induced the Indians to turn over deeds to their land and as soon as government restrictions were released they assumed possession of it.

Orders taken for rubber stamp and seals.—Webb Book Shop. 10-1-tf.

Don't Be Content with "Hobson's Choice!"

More than a hundred years ago, Toby Hobson of Cambridge kept the only horses for hire in town. But his customers had no choice save to take the horse nearest the door, whether little or much to their liking.

So "Hobson's Choice" has come to mean: "Take this or none!"

Today, through the advertisements in this and other papers, you have all the world to choose from. Yes, through Advertisements the world comes to your door with its wares. Advertisements give you the opportunity for comparison and selection of almost anything you want or need.

Advertisements are an accurate index of what other people are buying, selling, wearing, eating, doing, learning; of what the world is accomplishing and how, where and by whom it is being accomplished.

Form the habit of reading advertisements just as regularly as you read the front page. You will find it profitable and mightily interesting as well.

FIVE DIE WHEN VESSEL IS SUNK IN GULF STORM

Two Lifeboats Are Tossing About With Thirteen Missing.

NEW ORLEANS.—Three men and two women are known to be dead; 13 others are missing, and the steamship Speedwell, of the Speedwell Navigation company is at the bottom of the Gulf of Mexico as a result of the hurricane that swept through the Gulf Wednesday night. First word of the Speedwell's sinking was wireless here Saturday night by the City of Mobile, a Pacific and Orient boat, which said that it had eight survivors aboard and that in the life boat from which they were taken three men, and two women were dead. The City of Mobile—reported it had sighted a life boat with 13 others in it, and was trying to rescue the party. The Speedwell was bound for New Orleans with a cargo of mahogany for the Otis Mfg. Co., and is supposed to have foundered in the storm. She carried a crew of 29. Four life boats put away from the vessel, according to the survivors, and but two have been seen or heard of.

STRAPPED IN SEAT AIR PILOT DROWNS

LAKE BLUFF, Ill.—Failure of the engine to stop when the naval hydro-aeroplane N-9 hit into a nose dive Saturday caused the plane to plunge into Lake Michigan near here. The plane sank a few minutes after it struck the water. Lieut. (junior grade) Sidney Cedott, Chicago pilot, was drowned as he sat helpless strapped in his seat. Henry Batchelor, Saginaw, Mich., his companion, was thrown from the plane as it plunged and fell in the lake. He swam to the wrecked plane, where he endeavored to release Cedott, but it sunk before he could do anything. Batchelor was rescued by another hydro-aeroplane which came to his assistance. Authorities will examine the N-9's engine and ascertain why it failed to stop when Cedott attempted the nose dive. The N-9 was maneuvering between Lake Forest and Fort Sheridan when the accident occurred.

SHOES MUST BE EXPENSIVE IF SHE BUYS

"Oh, I'm just crazy about these shoes—they're just perfect dears—I know my husband will think they are darlings!" "And they're only nine dollars." "What? Only nine dollars? Why what on the earth is the matter with them? Why, I never heard of such a thing in all my life. Only nine dollars!" And following this little business conversation between an Ada woman and a shoe clerk the woman turned her nose to an elevation angle of about 45 degrees and walked out of the store with the attitude of one who had been insulted. "Just Won't Buy Bargains" The idea! Only nine dollars for a pair of women's shoes. According to Jack Moore, a shoe salesman, women just won't buy bargains in shoes and clothing. When it comes to dishpans and kitchen utensils in general the lady of the house will insist, according to Jack's observation, on standing in line till the big sale opens and getting all she can carry home for bargain prices. Her shoes, however, are another proposition and so long as fashion decrees that she shall wear something on her feet besides corns she's going to have the highest priced article on the market. Gotta Be Costly The shoe may look all right, fit, feel fine and answer all conventional purposes but if it's cheap in price, the deal's off. She's got to have the best. Now a man purchaser is just the opposite, according to Jack. "Want a pair of shoes. What ye got?" "Nice pair for seven dollars." "Thot 'em out." "How do you like them?" "All right—wrap 'em up." And that's the end of it. A woman looks at the display windows and if she sees a pair of shoes from \$20 up she walks in and feels at home even though she has to spend her last penny and eat scraps for a week. A man will walk through the entire business district looking for a bargain—take it—and then lose all he's saved in a poker game that night. "It's just human nature—that's all," was Jack's philosophical comment. Applique Work for Home. Attractive and original luncheon sets, table runners, curtains, etc., can be made by applique work. Linen, either unbleached or colored, is generally used. The designs are carried out by using patches of cambric, gingham, or cambray of different patterns, to give the best idea of the flower or fruit chosen.

THE TOWN GOSSIP

By MARLOW BROWNLEE

COLONEL HOUSE.

WASHINGTON, D. C.

DEAR COLONEL:

I KNOW that as a rule.

YOU DON'T say much.

BUT JUST the same.

YOU'VE GOT the reputation.

OF KNOWING a lot.

AND I want to prove it.

AND YESTERDAY afternoon.

I WAS in Simpson's store.

AND WAS looking.

AT SOME new shoes.

AND ASKED the price.

OF A pair.

THAT SEEMED rather nice.

AND THE clerk told me.

"NINE DOLLARS."

AND I was hesitating.

WHETHER TO buy them or not.

AND WAS thinking.

ABOUT THE other bills.

THAT I would have coming in.

AT THE first of the month.

AND AT about that time.

A COLORED man came in.

AND ANOTHER clerk.

WAITED ON him.

AND HE, too.

WANTED TO see some shoes.

AND THE clerk.

SHOWED HIM a pair.

AND THE negro asked him.

WHAT THEY were worth.

AND THE clerk told him.

"EIGHT DOLLARS."

AND THE negro sniffed.

AND SAID he wanted something.

WITH A little more class.

AND THE clerk showed him.

ANOTHER PAIR.

THAT WERE marked.

EIGHTEEN DOLLARS.

AND THE negro said.

THAT HE'D take 'em.

AND REACHED into his pocket.

AND PULLED out a roll.

AND PAID for them.

AND AFTER he'd gone.

I ASKED the clerk.

WHETHER HE knew the man.

AND HE said that he did.

AND THAT he worked.

IN THE oil mill.

AND GOT three dollars a day.

AND HAD a wife.

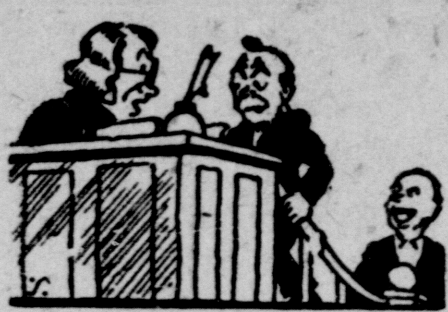

AND THREE or four children.

AND DEAR Colonel.

WHAT I wanted to ask you was.

"HOW DO they do it?"

I THANK you.

Court House News

Frank Abel was arraigned before Justice H. J. Brown this morning on two charges the first for being drunk and disturbing the peace, and the second for carrying a concealed weapon. He pleaded guilty to the first charge and was fined \$10 and costs of court. He pleaded not guilty to the second charge, and trial was set for Saturday. Able was arrested by Constable Walter Goynes when found in a drunken condition on the street. Goynes searched him and found a Colt's revolver in his bosom. The young man declares that he had just bought the gun and was taking it home.

Fined for Disturbing Peace. E. C. Moore was arraigned before Justice Brown this morning on a charge of disturbing the peace. He pleaded guilty and was fined \$13.50.

Marriage Licenses. Winfrey Brooks, 21, Ada, and Dorie Odom, 16, Ada, Guy Duty, 21, Ada, and Emma Creech, 20, Ada.

The non-jury criminal term of the county court opened this morning with Judge Orel Busby presiding. The morning was spent in arranging the order of cases on the docket, hearing pleas and disposing of minor offense charges. Most of the offenders were charged either with having intoxicating liquor in their possession or with the manufacture of such liquor.

Norman Has Cox Club.

NORMAN, Sept. 30.—A Norman

Co-Roosevelt club has been organized to boost democratic party interests in the University City and also to aid in organizing other Cox-Roosevelt clubs throughout Cleveland county. Plans already have been made for organizing clubs at Noble, Lexington and Moore, and other clubs in the eastern part of the county will be started as soon as possible. Major L. C. Giles, president of the Norman club stated. Club officers in addition to Giles who is commander of the Fletcher Odell Pledge No. 88, American Legion post, are Robert Muldrow, vice president; M. L. Flemming,

secretary, and F. O. Miller, treasurer.

Shawnee Arrests Enrich City.

SHAWNEE, Sept. 30.—Shawnee police enriched the city's coffers here to the amount of \$540.50 when they raided two gambling houses and arrested twenty-one persons for loafing on the streets after midnight. Of the fines, ten paid \$20 and costs on gambling charges while loiterers paid from \$10 to \$20. Five were found to be vagrants and made to work on the city's streets.

INDIANS WIN FLAG BY BEATING DETROIT

DETROIT.—Cleveland clinched the American league pennant by defeating Detroit, 10 to 1 here Friday afternoon. The Indians pounded Oldham hard, coupling their hits with Tiger errors. Errors by Jones and Young with singles by Speaker and Gardner, gave Cleveland three runs in the third inning. Singles by Wamby and Speaker, followed by Burn's double, netted two more in the sixth and in the seventh Bagby tripled with the bases filled, scoring himself on Evan's single. Detroit's only score came in the ninth inning when the Indians eased up. Four times previously when the Tigers had opportunity to score, double plays cut off their chances. It was Bagby's 21st win of the season.

FUN FOR THE CHILDREN

Yankee Robinson Has the Clowns, the Dogs, Monkeys and Ponies

It would be unfair not to have the children's favorite acts in the circus. When it comes to that we are all young on circus day, and we take as much interest in the small acts for the children as we do in big sensations. Yankee Robinson has trained Shetland ponies, dog and pony shows of days gone acting dogs and the comedy monkeys just the same as the old times by. The dogs and monkeys are presented by Miss Kate Smith in acts filled with comedy situations. Visit the show grounds early and let the children play with the little ponies. The big circus will exhibit here October 9.

NOTICE—We have a few autographed photographs of Anna Case. When you purchase your Anna Case concert tickets, be sure and ask for one. It is suitable for framing. Ada Music Co. 10-4-1td

The Harvest Days

Now come the harvest days, the time when nature yields up the fullness of the season. Harvest days as well for many who are not husbandmen and who do not get their living directly from the soil, but who reap the benefits of the persistent use of the Want Columns.

To reap a harvest of return from the Wants, use them in supplying the needs of the household and of business, in buying, selling, renting, hiring, exchanging and in many other ways.

Many find it profitable to keep in touch with the NEWS WANT ADS. Read them if you want something. Use them if you want to dispose of something. They are "cash on the barrel head," but they pay big returns. If you can't bring the copy conveniently we will send for it.

PONZI IS INDICTED FOR USING MAILES

By the Associated Press

BOSTON, Oct. 1.—The federal grand jury today indicted Charles Ponzi, promoter of the scheme by which millions of dollars were obtained from investors on promises to pay 50 per cent profits, for using the mails in a scheme to defraud. The indictments, of which there were two of 43 counts each, were the longest returned here in many years.

Ponzi is now a federal prisoner at the East Cambridge jail and is under indictment also by state courts for larceny.

100 WILD ANIMAL ACTORS

Greatest Array of Wild Animals Ever Exhibited with Yankee Robinson.

A circus with over 100 wild animal actors, together with over two hundred domestic animals and in addition to this great array of speciality acts, a complete circus performance, including more clowns than you have ever seen with any other show. Yankee Robinson is presenting his big circus this season performing lions' tigers, leopards, pumas, jaguars, polar bears, black bears, zebras, elephants camels, llamas, horses, ponies, dogs, monkeys, birds, pigs, carrier pigeons, leaping ponies, and dogs and many acts of a smaller character. The big show carries this season forty double length cars, equal to eighty regular freight cars and is the largest traveling show outside of the Barnum show. Twelve thousand people can view the performance at one time and the seating is so arranged that every visitor to the big show can witness each act to advantage. Be sure and be in town early on exhibition day that you may witness the erecting of the tents and the unloading of the wild animals.
